KO KO AUNG

IT ENGINEER/ DATA ANALYST

📞 0820493411 @ kokoaung.dev@gmail.com 🔗 www.kokoaung.codes

📍 Bang Chak, Phra Khanong, Bangkok

EXPERIENCE

IT Officer/Data Analyst

Hawking Education Center

📅 11/2023 - 04/2025 📍 Online/Myanmar

- Analyzed student performance data across 100+ students, identifying key trends that informed curriculum adjustments and boosted pass rates by 20%.
- Designed and maintained SQL databases and Google Sheets dashboards to track educational metrics and operational efficiency.
- Delivered data-driven reports to stakeholders, enhancing communication with parents and optimizing resource allocation.
- Integrated analytics into digital learning solutions, improving user engagement by 15%.

Software Engineer/Data Analyst

Regis International Co., Ltd

📅 08/2022 - 07/2023 📍 Onsite/Myanmar

- Managed data for multiple shipping hubs, warehouses, and loading trucks
- Developed applications for head office, HR, marketing, call records, attendance, warehouse, and shipping (for corn distribution and Trading) using Google Appsheet
- Conducted cargo loading data analysis using Excel and SQL, visualizing trends that reduced logistics delays by 10%.
- Collaborated with suppliers and clients to ensure data accuracy, supporting real-time decision-making for trade operations.

CERTIFICATION

ITPEC FE: IT Engineer License (Japan)

TOEFL ITP Certification (Diagnosis Test/Tep) (B2-C1) [557/677]

Google Data Analytic Professional Certification

MIchigan Online: Python for Everybody Certificate

Data Camp Data Analyst Associate Career Path (Ongoing)

AWARDS

💎 Honors List (UoPeople 2024-2025)

💎 Dean's List UoPeople 2025)

SUMMARY

Detail-oriented Data Analyst with a computer science background and 2+ years of experience in data analysis and visualization using SQL, Excel, and Google Sheets. Skilled in transforming complex datasets into actionable insights, driving efficiency gains of up to 20% in educational and logistics settings. Strong communicator with a passion for leveraging data to solve problems and support strategic decisions.

EDUCATION

Bachelor's Degree in Computer Science

University of the People

📅 04/2023 - 02/2025 📍 Usa

- Bachelor's Degree in Computer
- Cam Laude (honor) CGPA 3.54/4.0

Certificate of Teaching English

Mahachulalongkornrajavidyalaya University

📅 06/2024 - 08/2025 📍 Thailand

- Second Semester(Ongoing)

Associate Degree in Computer Science

University of the People

📅 04/2023 - 06/2024 📍 Usa

- Associate Degree in Computer
- University of the People
- Cgpa 3.44/4.0

Bachelor of Arts in International Relations

East Yangon University

📅 12/2018 - 03/2020
📍 Yangon/Myanmar

- Second Year (Paused)

PROJECTS

40+ GitHub Repositories

📅 04/2021 - 04/2025   📍 https://github.com/KoKoAungStar

Created data analysis and web development projects using SQL, Python, JavaScript, PHP, and more.

- Had an impact on projects throughout my university degree, career, and various fun personal projects.

ATM System

📅 12/2024 - 01/2025   📍 University of The People

Created detailed software engineering projects with comprehensive blueprints.

- Made the Dean's List at UoPeople in 2025, gaining extensive knowledge and skills.

Hawking Education Center Website (Ongoing)

📅 03/2025 - Present   📍 Online

Offcial Website of Hawking Education Center

- To improve user actions with Parents and students
